Dear Sir/Madam:

The Office of Research Affairs, University of Massachusetts, is in charge of collecting and disseminating information concerning sources of financial support and other professional and research opportunities for faculty. Among the different means of distributing that information is a newsletter which contains the names of programs with imminent deadlines.

Would you kindly send me information on your 1987-88 grant programs for inclusion in our newsletter? I would like a program description and guidelines. The materials are kept on file and made available to faculty upon request.

I am enclosing a self-addressed mailing label for your convenience.
Thank you.

Sincerely,

Kathryn Dahlquist
